May Go to Court.

The wholesale ousting of the trustees and deacons of the Harrison Street Baptist Church, colored, at a big congregational meeting last night, which was controlled by Pastor Eli Tartt, and his adherents in the bitter dissension in the congregation, has created conditions which may ultimately be adjusted in court, as it is understood that the deposed deacons and trustees will refuse to turn over the clurch property. Tartt, who is supported by a majority of the congregation, was made moderator of the meeting. The proceedings were decidedly unique in many respects, among the features being a declaration that the constitution and by-laws of the church were null and void, and should be burned by the sexton, who was ordered to do.

Teel that primarily the cities of Tidawater are to be most deeply affected by the failure of our enterprise, but I also foel, as a Virginian, that it would be a reflection upon our Common-wealth. I, therefore, suggest that a committee be appointed to see what it can be done towards securing the samount that may be necessary, and that a meeting be called of those who are able and may be willing to contribute to such an undertaking not later than Saturday of this week.

I have given one year of time at great personal sacrifice and inconvenience to this work. I have, as governor of the division of history, education and social economy, completed the task which has been assigned mearing the department of social economy is well under way, and in the department of distory we have succeeded in securing a collection of material relating to the early history of the country, which, when brought together, will be the most comprehensive and interesting over assembled at any exposition.

We are especially indebted to the great historical societies of the Colonial Dames of America and het Daughters of the American Revolution for their great interest and active cooperation in this work. We are in danger, however, of losing much of this valuable material by the delay occasioned in the construction of our history wilding; but it is not too late, now, if prompt action is taken, to set tory building; but it is not too late now, if prompt action is taken, to se-sure a historical collection that will be of great interest to every visitor enough patriotic men in Tidewater Vir-

JAMESTOWN EXPOSITION
GROUNDS, June 25.—Among the visitors to the exposition to-day were
Mayor McCarthy, of Richmond, and R.
L. Peters, president of the Richmond
City Council. They were in conference
with R. H. Sexton, chief of the Department of Congresses, as to special
events relative to the celebration of
Richmond Day, July 18th, at the exposition, While no definite program was
mapped out to-day, it was stated by
Mayor McCarthy that there would be
little speech-making, and that the
day would be spent chiefly in sightseeing and in having a good time generally. It is estimated that between
5,000 and 6,000 Richmond people will
attend the exposition on Richmond
Day and probably many more. It has Owing to the illness of the lecturer for the "Woodmen of the World," the entertainment, which was to be free to shapely, pretty figure, and many of their girlish forms after marriage. The bearing of children is often destructive to the mother's shapeliness. All of this can be avoided, however, by the use of Mother's Friend before baby comes, as this great liniment always prepares the body for the strain upon it, and preserves the symmetry of her form. Mother's Friend overcomes all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing. Thousands gratefully tell of the benefit and relief derived from the use of this wonderful remedy. Sold by all druggists at \$1.00 per bottle. Our little book, telling all about this liniment, will be sent free.

DREADFUL DISEASE **CURED BY CUTICURA** 

"About four years ago I was afflicted with black splotches all over my face and a few covering my body, which produced a sever closhing irritation, and which caused me a great deal of annoyance and suffering, to such an extent that I was forced to call in two of the leading physicians of a thorough examination of the dreaded complaint they announced it to be skin eczema in its worst form. They treated me for the same for the length of one war, but the treatment did me no good. Finally I became despondent and decided to discontinue their services. Shortly afterwards, my husband in reading a copy of a weekly New York paper saw an advertisement of the Cuticura Remedica. He purchased the ontre outfle, and after using the contents of the first bottle of Cuticura Resolvent in connection with the Cuticura Soap and Cintment, the breaking out entirely stopped. I continued the use of the Cuticura Remedices for six months, and after that every splotch was entirely gone and the affected parts were left as clear as ever. I have not felt a symptom of the eczema since, which was three years ago. The Cuticura Remedices not only cured me of that dreadful disease, eczema, but of other complicated troubles as well, and I have been the means of others being cured of the same disease by the Cuticura Remedics, and I don't hesitate in saying that Cuticura Resolvent is the best blood medicino that the world has ever known. JAMESTOWN EXPOSITION
GROUNDS, June 25.—With an address
by J. Taylor Ellyson, governor of history and education of the Jamestown
Exposition, and an illustrated lecture
on farm life by Henry G. Parsons, of
New York City, the Children's School
Farm at the exposition was dedicated
this afternoon. More than sixty school
children from Norfolk, Portsmouth and
Nowport News were present, and a
more attractive or seemingly interested
lot have not been seen on any occasion
held at the tercentennial.

While the farm is located just to the
north of the Philippine Reservation,
and in the renr of the Massachusetts
and Illinois State Buildings, the dedication took place in the Social Economy
Building. It began at 3 o'clock, Governor Ellyson told the little ones of the
value of knowing how to farm and of
what benefit it would be in after life
when going out to battle with the
world. Then Mr. Parsons, who is the
director in charge of the School Farm,
gave an illustrated talk, using a magic
lantern to show what can be accomplished by strict and intelligent application to farm life and how to carry
it on.

At the conclusion of this stereopticep
lecture the children went to the Model
Farm Building, where tea was served
them from 4 to 5 o'clock.
